

Blockade and Other Games (Mixing in Math Board Games)

Website: <http://mixinginmath.terc.edu/>

Publisher: TERC

Funded by: National Science Foundation

Mixing in Math Blockade and Other Games mix spatial thinking, strategies, and logic. Includes eight dry erase board games with instructions for 28 games. These games are for 2-4 players offer a variety of levels of challenge to span the whole elementary grade range.

They are aligned with Common Core Math Standards for the elementary grades, with particular emphasis on standards in operations and Algebraic Thinking, Geometry, and Measurement and Data (Geometric Measurement). The games are also aligned with the National Council of Teachers of Mathematics Standards, with focus on content in Number and Operations, Algebra, and Geometry.

These games were developed at TERC and are based on work funded in part and supported by The National Science Foundation, under grants DRL-07145537, ESI-0406675, and ESI-9901289.
