Expansive Meanings and Makings in ArtScience (EMMAS) —

Principal Investigator: Ann S Rosebery and Beth Warren  
Funders: National Science Foundation  
Website: http://chechekonnen.terc.edu/

EMMAS offers an opportunity to investigate and demonstrate the untapped potential of an arts and science approach to learning and teaching in high school for youth from communities historically underrepresented in science. It builds on an earlier project, Educating the Imagination (2011-2013), which developed a summer arts and science studio program at Boston Arts Academy focused on wide-ranging explorations of water.
