Office of the President

Biographical Summary

Anne Turner is TERC's Director of Strategic Projects and Outreach working across the organization to support the President's strategic initiatives. Currently this includes developing and launching efforts to increase awareness of TERC's expertise and capabilities in order to establish new partnerships and expand impact. A generalist, connector, and collaborator, Anne brings eight years of experience working in leadership roles in the educational non-profit sector and many before that in the for-profit sector, in product development, project management, marketing, sales, and relationship management.
