

# TERC Interactive Video Showcase

# TERC

Because math and science build futures

Save the Dates: November 14-21, 2023 Come explore the cutting-edge STEM education research taking place at TERC, meet TERC researchers, and participate in STEM related discussions!

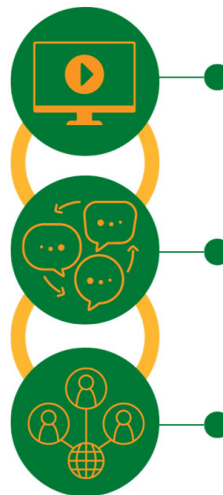

## TERC Interactive Video Showcase: Coming Soon!

Join TERC researchers in an interactive 8-day event. View short 3-minute videos showcasing TERC's innovative work aimed at broadening participation and inspiring all learners to engage in high quality science, technology, engineering, mathematics, and CS learning experiences. Be sure to share your queries and ideas with the presenters and other visitors by posting to each presentation's discussion.

We look forward to your participation!

Anytime during this 8-day (Nov. 14-21st) free virtual event, we invite you to:

**VIEW:** Browse 3-min videos highlighting TERC STEM education initiatives.

**DISCUSS:** Join in the conversations, lend your perspective, & network with TERC researchers and staff.

**SHARE:** Spread the word about the innovative work taking place at TERC. Share your favorite videos on Facebook and X (formerly twitter).
